

International Institute of Depth Psychology is a private higher educational institution offering postgraduate psychoanalytic education which includes:

- 1) Psychoanalytic theoretical education;
- 2) Personal analysis;
- 3) Supervision.

International Institute of Depth Psychology has been founded in 2000. Originally it was Kiev representation of the Eastern European Institute of Psychoanalysis (St.-Petersburg), but after a year it has got full independence. In 2002 IIDP has obtained its first State license of the Ministry of Education and Science of Ukraine. In 2006 and then in 2011 it has been prolonged.

The duration of the full lecture-seminar cycle is 2.5 years (the overall program includes 730 hours). On graduating the institute the state diploma of specialist in retraining within specialization «Practical psychology (psychoanalysis)» is handed in.

Teachers of International Institute of Depth Psychology are specialists in psychoanalysis, psychology, psychiatry from Ukraine, Russia, France, Italy, Argentina and other countries. The institute conducts the wide activity directed for the development of psychoanalysis in Ukraine and realizes a wide spectrum of educational, research and public programs.

International Institute of Depth Psychology is a partner of the **Ukrainian Association of Psychoanalysis**. This Association was founded with the purpose to revive psychoanalytic movement in Ukraine.

Ukrainian Association of Psychoanalysis is an all-Ukrainian professional organization which activity is directed for the development of psychoanalysis in Ukraine, creation of the psychoanalysts' professional community, development and dissemination of psychoanalytic and psychological culture and knowledge.

The Association unites individuals engaged in psychoanalytic activity, researches in the field of psychology and psychoanalysis as well as people who contribute into the development of philosophical, applied and clinical psychoanalysis. Since 2002 Ukrainian Association of Psychoanalysis and International Institute of Depth Psychology have conducted 10 conferences, symposiums and conferences.

In 2003 Ukrainian Association of Psychoanalysis and International Institute of Depth Psychology founded the **literary publishing house**, engaged in publication of specialized scientific literature on psychoanalysis: books and periodic magazine "**Psychoanalysis (Chronicle)**". Nowadays this magazine is the only edition of such kind in Ukraine (articles are published in Russian, Ukrainian, English languages). The magazine publishes high-quality translations of classical psychoanalytic works, articles and works of well-known psychoanalysts as well as the students of the Institute just starting their practice.

Psychoanalytic consulting center operates at the International Institute of Depth Psychology. All specialists of this center have psychoanalytic education and are certified by the Ukrainian Association of Psychoanalysis.
